## The Approach

### What was the scope of their involvement?

Stingrai Inc. conducted security testing across our environment covering multiple scopes. They also provided comprehensive reports and recommendations following the assessment

### What is the team composition?

We worked with 2–3 teammates from Stingrai Inc.

### How did you come to work with Stingrai Inc.?

We identified Stingrai Inc. through an online search. We selected them because their company values aligned with ours, they have a strong industry reputation, and their pricing fit within our budget.

### How much have you invested with them?

The services and outcomes provided were good value for the cost

### What is the status of this engagement?

We worked together from October–December 2025.

## The Outcome

### What evidence can you share that demonstrates the impact of the engagement?

Stingrai Inc. provided weekly updates on the found vulnerabilities per section. Although we only had medium and low vulnerabilities, they recommended focusing on the important mediums and other security improvements by doing SAST and DAST.

### How did Stingrai Inc. perform from a project management standpoint?

Stingrai Inc. performed very well from a project management standpoint. We primarily communicated through email and Slack, which proved to be convenient and effective.

### **What did you find most impressive about them?**

They stayed consistent with their communications, and their advice was pretty good during the presentation. They managed to involve not only the security team but other teams as well.

### **Are there any areas they could improve?**

Overall, their communication and presentations were strong. One area for improvement would be incorporating clearer audio and enabling video during presentations to enhance engagement
