How many teammates from Stingrai Inc. were assigned to this project?

2-5 Employees

Describe the scope of work in detail. Please include a summary of key deliverables.

We requested Stingrai.io to do a complete penetration test to our web application and provide with a report about current vulnerabilities based on crticiality.

The Outcome

What were the measurable outcomes from the project that demonstrate progress or success?

Number of vulnerabilities that could be fixed from our team.

Describe their project management. Did they deliver items on time? How did they respond to your needs?

Their team's replies were very prompt, and they always alerted us immediately when they discovered a critical vulnerability during

their testing progress. Everything was delivered on time, and we were able to proceed with our other compliance tasks.

What was your primary form of communication with Stingrai Inc.?

• Virtual Meeting

• Email or Messaging App

What did you find most impressive or unique about this company?

They were very diligent during the testing progress and they were able to identify vulnerabilities that other vendors were not able to find.

Are there any areas for improvement or something Stingrai Inc. could have done differently?

Nothing really. There were some minor issues with UI of the panel that presented the vulnerabilities but those were addressed very promptly by their team.
