How many teammates from Stingrai Inc. were assigned to this project?

2-5 Employees

Describe the scope of work in detail. Please include a summary of key deliverables.

Stingrai ran a penetration test, explained identified vulnerabilities, validated resolutions, and supplied a report about the test.

The Outcome

What were the measurable outcomes from the project that demonstrate progress or success?

Security vulnerabilities were identified, and their relative levels of risk were assessed.
Vulnerability resolutions were tested and reported on.
A report was delivered in a timely manner.

Describe their project management. Did they deliver items on time? How did they respond to your needs?

Audit started on schedule, ended on schedule, and report was delivered unexpectedly early (1 day, I'm used to a few weeks delay). The team was ready and available to discuss whether or not identified vulnerabilities were false positives and discuss potential remediations. Resolutions of identified vulnerabilities were tested within the audit window and reported on the final report.

What was your primary form of communication with Stingrai Inc.?
